QUESTION 3:

The first screenshot shows the 'Create bucket' page in the AWS S3 console. The bucket name is 'mybucketcc150' and the AWS Region is 'EU (Stockholm) eu-north-1'. The 'Object Ownership' section is visible below.

The second screenshot shows the 'Buckets' page after the bucket has been successfully deleted. A green notification banner at the top states 'Successfully deleted bucket "myawsbucket150"'. The 'Buckets (1)' section shows a table with one bucket:

Name	AWS Region	Access	Creation date
mybucketcc150	EU (Stockholm) eu-north-1	Objects can be public	May 3, 2023, 16:00:46 (UTC+05:30)
